ADMISSIONS FAQ

1. Should I have an accompanist for the audition?

You may, but it isn't required.

2. Can I play excerpts of pieces?

Yes. Just keep the total length of the video to a maximum of 5–minutes and play two contrasting pieces (slow/fast).

3. Do the two pieces need to be of contrasting styles or periods?

No. You just need to play or sing one piece that is fast and one that is slow.

4. May I play more than one instrument?

You need to perform two contrasting pieces on the same instrument and keep to the 5-minute overall time limit.

5. Due to the pandemic, ABRSM graded practical exams have been cancelled and Trinity College will introduce Digital Grades. Will this affect my admission result?

The music qualifications serve only as a reference and are not a requirement. Applicants may wish to submit results of ABRSM 'Performance Grades'.

6. What does the entrance test include?

There are two parts. The first will test aural skills (identifying intervals, melodic passages, and chords). The second part will test knowledge of theory and analysis. In it you will be asked to identify aspects of score excerpts, such as key areas and chord progressions, and you will be asked to respond to other MC questions that will test your knowledge of music theory. All questions in the entrance test are multiple choice. You should answer every question.
